## **Facilitated IEPs and Alternative Dispute Resolution Workshop**

Imagine an IEP team meeting that supports productive and collaborate conversations. Learn about Facilitated IEPs and how they can help you to advocate for your child in a positive and meaningful way. Alternative Dispute Resolution offers alternative options to resolve disputes.

This parent workshop provides an overview of the facilitation process and prepares IEP team stakeholders to be collaborative team members in a facilitated IEP meeting. Participants work to learn how to clearly define their role in the IEP meeting, which enables them to prepare for active meeting participation. Additionally, participants develop skills to broker more effective and efficient communication resulting in a collaborative, non-adversarial, and compliant student centered IEP meeting. This virtual workshop is limited to 25 participants.
