

Santa Clarita Valley SELPA

Special Education Community Advisory Committee

Invites you to attend:

Transitions and Matriculations: **The process, norms and how to prepare**

Presented by:
Special Education Directors and Early Start
What every parent needs to know...

Early Start: The first transition for many families occurs when their child moves from Early Start to school district special education services when their child turns three. Information will be provided on the differences between Early Start (Part C of IDEA) and school district special education services (Part B of IDEA), the steps in this transition process and an overview of the preschool special education programs in the Santa Clarita Valley SELPA. Parent tips and additional resources to support families during this transition will also be provided.

Matriculation: As students matriculate from one school to another, parents often have questions about the process. We will discuss the matriculation process and give parents insight into all that is done in preparation for their student's transition. Parents will be given an opportunity to get a "behind the scenes" look into how teams communicate with one another and discuss ways in which they might best meet student's needs as they transition from one school site to another.

Location: TBD/ Virtual

Date: Monday February 22, 2021

Times: Business Meeting 6:00 pm
Parent Workshop 7:00 pm
