

UNDERSTANDING DYSLLEXIA: ASSESSMENT AND INTERVENTION

*Sponsored by:
Santa Clarita Valley SELPA*

This workshop will focus on both assessment and evidence-based interventions for students who manifest characteristics of dyslexia. Dr. Butterfield will provide best practices for conducting informal and formal assessment of reading disabilities / dyslexia and address the cognitive and linguistic processes that contribute to reading disabilities / dyslexia in order for education professionals to determine the most appropriate methodologies for remediation.

Learning Objectives

- The State and Federal laws related to Dyslexia including the Code of Federal Regulations, California Education Code, and Assembly Bill 1369
- Reading intervention research and the definition of intensive intervention.
- General assessment considerations, including considerations for English Learners
- Available resources for the assessment of reading disabilities/dyslexia
- Assessment tools both informal and formal for the following areas:
 - Primary & Secondary Reading and Writing Difficulties
 - Cognitive Abilities: Contributing Factors Areas of Processing that Impact Reading
- Conducting an error analysis based on assessment
- Recommendations for remediation and Intervention

Presenter

Dr. Jarice Butterfield holds a M.A. degree in Educational Therapy / Special Education and a Doctorate in Education Leadership with an emphasis in School Psychology /Special Education. She is a retired SELPA Director with over 30 years' experience providing reading intervention as a special educator / education specialist, designed the first evidence-based dyslexia interventionist certification program in public schools in California, evaluates dyslexia interventionist programs for the International Dyslexia Association, and has provided professional development in reading intervention evidence-based practices for the past 25 years.
