

Santa Clarita Valley SELPA

presents:

SLP MANDATORY Job-Alike
Identify Evidence-Based Practices for Children
With Autism

February 11, 2020

9:30 am Registration

10:00 am – 12:00 pm Webinar

Saugus Union School District Office
24930 Avenue Stanford, Bramlett Room

Infants, children, and adolescents with autism vary greatly in their needs, as the core challenges differ depending upon developmental level, family and child preferences, and more. This webinar will illustrate how to use the evidence-based SCERTS framework in assessment as well as intervention planning and delivery to support social communication and relationship development. The webinar will focus on children at three different developmental levels-before using words, emerging language, and conversational.

Learning Objectives:

You will be able to:

- Identify the essential objectives for infants, children and adolescents with autism across three different development levels-before using words, emerging language, and conversational.
- Identify evidence-based practices that are aligned with the essential objectives for infants, children, and adolescents with autism across three different development levels-before using words, emerging language, and conversational.

YOU MUST REGISTER FOR THIS COURSE EVEN THOUGH IT IS MANDATORY. TRAINING LINKS WILL BE SENT OUT PRIOR TO WEBINAR.
